

## VANDERLIP NOT YET HEARD BY OIL COMMITTEE

### ONE BATTALION ONLY REMAINS TO GUARD HERRIN

AN OTHER TROOPS ASSEMBLED IN  
WILLIAMSON COUNTY ORDERED  
BACK TO HERRIN

### BLOOD AND IRON RULE FADES

KLAN LEADER AGREES TO COOPERATE  
WITH LEGAL AUTHORITIES TO  
ENFORCE LAW

(By the Associated Press.)

Herrin, Ill., Feb. 14. — All troops in Williamson county with the exception of one battalion of the 130th regiment under command of Colonel A. L. Culbertson, have been ordered to their homes and will leave tomorrow. The order was issued by Major General Milton J. Foreman to-night.

#### BLOOD AND IRON RULE WANING.

Marion, Ill., Feb. 14. — Blood and iron rule of factionalism in Williamson county is waning again in the face of an increasing assurance that civil authorities, backed by the support of the substantial unprejudiced elements of the community, can control the situation.

Here in the seat of the county government, leaders are preparing the way for the displacement of factional strife between the Ku Klux Klan and the anti-Klan groups by non-partisan, neutral control of affairs. In this move, military authorities are lending their aid.

Business men, professional men, bankers, farmers, and mine workers and officials not allied with the two warring factions of the county today, through a committee, issued a statement in which it was declared that unlicensed authority of extra legal forces must be supplanted by the return of regularly constituted civic control.

#### KLAN AGREES TO COOPERATE.

The statement calls indirectly for an end to the wholesale raids conducted by S. Glenn Young, Klan leader, and a return to law enforcement under the sheriff and police officers.

To bring about an early understanding, a sub-committee of the citizens' group met with Sheriff Galligan and the state attorney to ascertain their views and then hold a conference with the Klan officials. It is understood that Cyclops Sam Sterns, of the Klan, agreed to cooperate with civil authorities if assurance was given that the law would be enforced.

Throughout the day's hearing, Frank A. Vanderlip, the New York banker, waited in vain in the hearing room to be called to the witness stand for questioning regarding his recent references to the sale of President Harding's Marion Star. He and other witnesses on the same subject will be heard tomorrow.

The testimony given during the long session related largely to the method by which former Assistant Secretary Fall put into operation his leasing policy, and provided the investigators with several new sensations.

John C. Shaffer, publisher of the Chicago Post and several other newspapers, testified that Fall had told him in the same month he entered the cabinet that he would lease Teapot Dome to Harry F. Sinclair.

#### Withdraws Shaffer's Name.

He himself, Mr. Shaffer said, got a one-eighth share in the \$1,000,000 Sinclair paid the Pioneer Oil Company in connection with the Teapot deal, and through an advance agreement with Fall was promised in addition 200 acres in Teapot Dome.

H. C. Finney, assistant secretary of the interior, testified that the Fall leases were negotiated privately and that not even the department's own solicitor was asked for an opinion as to their legality.

A letter written before the contracts were signed by H. Foster Bain, director of the bureau of mines, saying he understood Attorney General Daugherty had given an "informal and verbal" opinion upholding the leasing policy, was put into the committee record.

George Sutro, general counsel for the Standard Oil Company of California, testified that he had given his company a formal written opinion against the legality of the proposal, afterwards translated into contract with the Daugherty interests, to exchange local fuel oil for tankage at Pearl Harbor, Hawaii. It was disclosed that this opinion had been transmitted to the interior department.

#### FALL, WHILE CRITICALLY ILL.

St. Louis, Feb. 14. — Edward B. Fall, former secretary of the interior and conspicuous figure in the Senate investigations in the Teapot Dome oil case, rested in St. Louis tonight. He is on his way to El Paso, Tex., where he has been summoned by the serious illness of his wife.

Fall is accompanied by a nurse and his daughter-in-law, Mrs. Jack Fall. According to the nurse, the former senator is extremely nervous and is unable to sleep at night. He is hardly able to stand the trip, she said, which he determined to take because of the severity of his wife's condition.

Upon his arrival here he engaged a room in a hotel and immediately went to bed.

#### SEEK TO HAVE PRISON-MADE GOODS USED ONLY BY STATE

Washington, Feb. 14. — An organized labor program to eliminate prison contract labor from the United States is, under the support of state legislation to confine prison-made commodities to state use, was adopted by the executive council of the American Federation of Labor today after being drawn up at a conference of 12 affiliated organizations.

The program calls for the drafting of a model bill to be presented to state legislatures, which would permit use of the products of convict labor only by the state within which they are manufactured, or, in case of a surplus production, by other states through sale or exchange of commodities. The provision for use by other states was said to be advocated as the only means of escape from the contract system in a number of states.

#### UTICA SATURDAY GLOBE SUSPENSE PUBLICATION

Utica, Feb. 14. — The Utica Saturday Globe, a weekly newspaper founded in 1921, will suspend publication at once. No issue of the paper will be issued during the next annual roll call next fall. Announcement of the enrollment figures made at headquarters of the organization today placed the total membership at 2,671,000. The figure including estimates for a number of chapters which have not yet reported.

#### RED CROSS EXALTED.

Washington, Feb. 14. — With an estimated net gain in national membership of 22,000, enrollment in the American Red Cross was greatest at the close of the year, the figure since the close of 1922 during the seven annual roll call last fall. Announcement of the enrollment figures made at headquarters of the organization today placed the total membership at 2,671,000.

The figure including estimates for a number of chapters which have not yet reported.

## MELLON TAX BILL ON HOUSE FLOOR

Some Insurgents Will Favor Con-  
ference Bill, If Unable to Pass  
Frear's Measure

Washington, Feb. 14. — The fight over the tax bill, centering on the revision of income taxes, today reached the floor of the house.

General debate was begun on the measure, which substantially carries out the recommendations of Secretary Mellon, under an agreement for its termination at 4 p.m. Monday. Thereafter amendments will be in order, with the income tax section expected to be disposed of first.

The solid Democratic opposition to the income rates section of the bill, brought about by a party caucus vote, was joined today by some of the members of the Republican insurgent group, leaders of which announced after a meeting that they would support the proposal of Representative Frear, Republican, Wisconsin, and if this bill fails, vote for the Democratic plan.

Mr. Frear will submit an amendment to cut the normal income taxes 50 per cent and leave the surtax maximum at 50 per cent. Democrats want the maximum surtax cut to 45 per cent, whereas the Mellon plan provides for a maximum rate of 25 per cent.

## JEWELRY SALESMAN ROBBED ON HIGHWAY

Man Impersonates Officer to Hold  
Car — Over \$50,000 in  
Diamonds Taken

Cleveland, Feb. 14. — Irvin Liverman, salesman for a Rochester, N. Y., jewelry company, reported to the authorities that he had been robbed of a diamond of value at between \$50,000 and \$60,000 by three men who pretended to be officers.

Liverman was motoring from Cleveland to Toledo with David Spelman, an industrial chemist of New York. About four miles west of Elyria they were passed by three men in a roadster. A little farther the roadster stopped and one of its occupants halted the touring car in which Liverman and Spelman were driving.

"You're going 45 miles an hour," the robber said, as he reached into his pocket, presumably for a pistol and pad. Instead, he drew a revolver and forced Liverman and Spelman into the back seat of the latter's touring car.

After robbing the two salesmen of the sample cases of jewelry and several hundred of dollars in cash, the bandits commanded them to walk across the fields, jumped into their roadster and departed in the direction of Elyria.

## FARM LOAN BOARD MAKES ITS REPORT

Discusses Efforts to Relieve Distress  
Among the Farmers  
of Country

Washington, Feb. 14. — A detailed statement of governmental aid to the farming industry through the federal and state banks and the intermediate credit banks during 1923 was given today by the Federal Farm Loan Board in its annual report on operations.

The board said it hoped specially for greater use of cooperative organizations in order that facilities of the credit banks might be employed to a larger extent.

The report also discussed efforts being made by the board through its various subordinate agencies in behalf of crop diversification. In the areas where the one-crop method has long been in practice, land and credit bank officials have suggested resort to the use of the dairy herd as a certain income producer and production of less important commodities.

Satisfaction was expressed in the operations of the 12 land banks during the year. They made a total of \$6,100 loans amounting to \$192,932,000.

## BOY IN COMA 14 DAYS MAY HAVE SLEEPING SICKNESS

Cleveland, Feb. 14. — Held in the grip of what physicians have tentatively diagnosed as "sleeping sickness," Steve Koenig, 2, was still semi-conscious tonight after 14 days of coma. Physicians are awaiting further developments before making a definite diagnosis of the disease.

There are no symptoms of meningitis, the doctors said. They declared children with sleeping sickness have been known to lie in such a state for months, but seldom is one so young affected.

The child suffers between sleep and consciousness, but is never fully awake and seldom readily arises. Occasionally he takes a little bread and milk, but rarely enough, the doctors say, to keep him alive.

#### EVERY DAY SPENDS

Lockport, Feb. 14. — Every day in the body of John Kelly, 54, editor at the plant of the United Paper Board company, was broken last night when he was caught between a door and an elevator. Dr. Loran R. Wheeler, however, announced after an examination of the editor, "He was shaved, shaved yesterday. An inspection will be held."

## BROTHERS KILLED IN DUEL OVER DIVISION OF ESTATE

Whitesburg, Ky., Feb. 14. — Bob Bain, 22, and Sam Bain, 17, sons of the late Bob Bain of Rockhouse creek, met on a lonely path on Troublesome creek on the Letcher county border today and fought a duel. Both are dead.

The brothers were said to have been at odds over the division of their father's estate, which consisted of valuable coal and timber lands.

## MANY OLD FRIENDS OF LOUISE LAWSON ATTEND FUNERAL

All Business Homes of Home Town  
Close — Procession Ex-  
tremely Long

## ESTATE VALUED AT \$30,000

Police Believe Woman "Spotter"  
May Have Been Employed  
to Inform Others

Alvarado, Tex., Feb. 14. — Louise Lawson, who met a tragic death in New York where she had expected to become famous as a musician and actress, tonight had been laid to final rest in this little town, where she was born 24 years ago.

The funeral was held this morning at the Baptist church here, where she first attended Sunday school. All business houses were closed during the services and the church was crowded. Rev. R. J. McGinty of Walnut Springs, conducted the services, assisted by Rev. B. F. Dickson of Alvarado.

A funeral procession, extending from the business section beyond the old school where Louise attended school, accompanied the body to the cemetery. Friends of Miss Lawson's youth were the pall bearers.

Before the funeral, many friends of the girl gathered at the home of her uncle, W. B. Norman, where the body lay, to offer their sympathy to her relatives.

The later raid resulted in seizure of a quantity of "yanine," a narcotic said to be more powerful than opium. A woman, believed to have been smoking the drug, escaped capture as the police burst in by dropping 25 feet to an alleyway. Fingerprints where she had swung by her hands from the edge of the building, and foot prints where she fell and ran were examined.

"The bonds were in a broker's safe. The jewels, which the bandits expected to find in the apartment along with \$10,000 in gems which they did not get, were being reconstructed by a jeweler.

In their attempts to find a tangible clue to the identity of the men who entered the girl's apartment under the guise of bootleggers with liquor, police have centered their efforts on a search for a woman "spotter" who is thought to have paved the way for the men by gaining access to wealthy circles and becoming friendly with women who wore valuable jewels.

Possibility that the men who murdered Miss Lawson represent a new type of criminal was strengthened when it became known today that four other women were robbed in their apartments during the last year. In each case the thieves were admitted by a key similar to the one used by the Lawson killers.

## 157 MEN, SEVEN WOMEN ARRESTED IN RESTAURANT

New York, Feb. 14. — One hundred fifty-seven men and seven women arrested tonight were arrested in a raid on a W. 45th street restaurant where, police said, a stag was being given.

Ten police patrols were used to take the prisoners to a police station.

## The Day in Washington

The Senate commission made public tentative figures on the cost of producing wheat in the United States and Canada.

Decided that he is a member of the Ku Klux Klan was made in the Senate by Senator Heflin, Dem., of Ala.

Secretary Mellon called a meeting of the debt funding commission for next Monday to consider future dealings with debtors nations.

Chairman Johnson called a meeting for tomorrow of the house immigration committee to consider objections of Secretary Hughes to the pending immigration bill.

Nationwide profligacy in bread was charged in a report of the House Legislative Service submitted to Senator LaFollette, Republican, Wis.

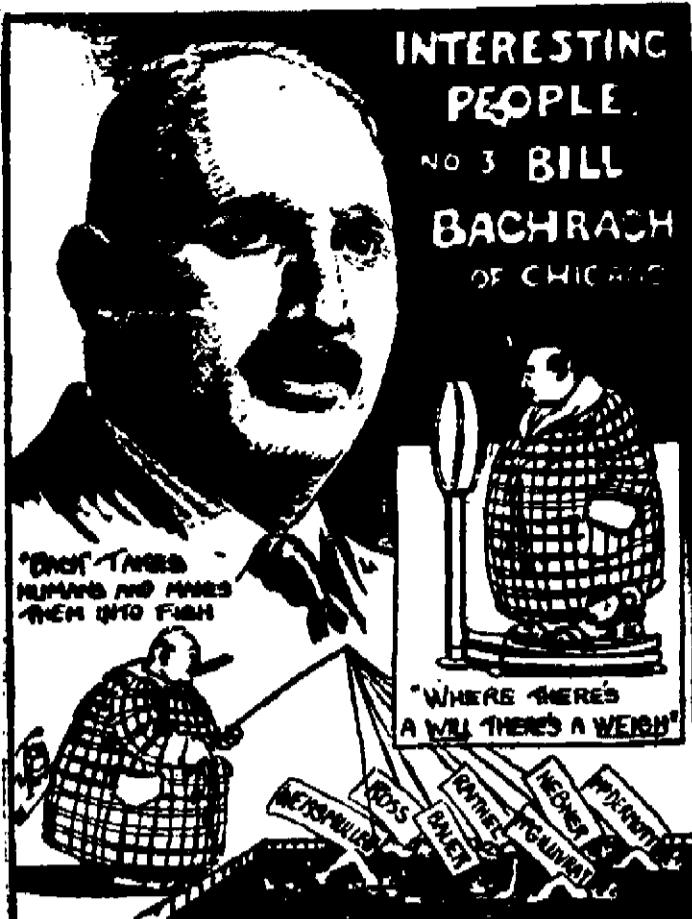

Charge that there had been duplication of government bonds were denied by Secretary Mellon in a letter to President Coolidge. Major W. Kirby was named head of the Bureau of Printing and Engraving.

Senate of the United States was to be held on Feb. 14, 1924, at 1 p.m. in the Senate chamber.

Senate adjourned.

## Sports of 1924

By FEG MURRAY

## The Mountain More Famous Than Mohammed

Bill Bachrach, famous swimming captain of the Illinois Athletic club, will in all probability be coach of the American Olympic swimming team this year. Bachrach can't swim much himself—oh, yes, he can—but he has an uncanny knack of developing ordinary swimmers into world's champions.

A year back in 1920, Bill's dad started him swimming at the old Fritz Meyer's swimming in Chicago. Eleven years later, Bill was his one and only medal in a 100-yard, free style race.

## TWO RECORDS BROKEN

Hotaling Breaks Elks' Bowling Tournament Three-Game Record with \$18 and Indiana Smash Single Game Mark with \$64.

Two records went by the board in the Elks' bowling tournament match rolled last evening between the Tigers and the Indiana. Hotaling breaking with \$64, Kukkera's high single game total of \$34, and the Indiana's rolling \$64 to beat the Red Sox's high single game of \$34. The Indians took two out of the three games.

In addition to the record-breaking performances there was much good bowling displayed.

The scores follow:

TIGERS				
Westcott	311	148	153—511	
Rife	126	166	148—430	
Wright	125	166	148—430	
V. Graves	179	157	177—513	
Thomas	173	202	157—523	
	829	775	745 2245	
Indiana				
Cepeler	173	173	173—519	
McClain	165	166	158—492	
Lake	149	201	189—568	
Ackley	143	112	143—425	
Hotaling	222	191	212—645	
	785	884	884 2588	
Reds Beat Phillips.				
The Reds took two out of three games from the Phillips in a Y. M. C. A. bowling tournament match rolled last evening. Lawson did the best work of the evening with high score of 191 and high-three game total of 529.				
The score:				
Phillies				
Hill	123	181	140—459	
McKenzie	123	166	141—422	
Biles	133	163	163—461	
Crockett	155	171	148—474	
Walker	167	156	145—472	
Handicap	55	55	55—165	
	761	884	798 2457	
Reds				
Bowser	187	187	187—581	
R. Miller	148	158	149—450

## DELAWARE SUPERVISORS

County Budget Moves for Cooperation and Adequate Budget to Chairman's Call—Resolution Against Closing Farm School.

Delhi, Feb. 14.—The Delaware county Board of Supervisors met Monday evening and adjourned Tuesday afternoon, subject to the call of the chairman.

Mr. Stephens presented the following resolution, which was adopted:

Resolved, that the county treasurer of Delaware county be and he hereby is authorized and directed to retain all excess money collected and paid over to him by the various collectors of the various towns over and above that legally levied by the Board of Supervisors for the year 1923, and place the same in a special interest bearing account until legally disposed of.

Mr. Telford presented the following resolution, which was adopted and asked that copies be forwarded to the governor, state senator and member of assembly:

Whereas, The Board of Supervisors of Delaware county appreciate the need of a better license for the dairy farmer and know that improved methods of farming are a help toward securing such income, and whereas the State School of Agriculture at Delhi, New York, is giving instruction in better methods of dairying, farming and rural school teaching to 22 students from Delaware county and 49 of adjoining counties and in addition is giving instruction to 21 students in its special courses, making a total of 90 students receiving instruction at the school.

And, whereas, there is an increased attendance for the present year of 11 students in its straight three-year course, and the school by its experimental and extension work is an asset to the farmer of Delaware and other counties.

It is resolved, that the Board of Supervisors of Delaware county, while they commend practical plans for the reduction of taxes, do not favor beginning such reduction by depriving the farmers of their school.

And, be it resolved, that the Board of Supervisors of Delaware county hereby respectfully petition the governor and the legislature of the state of New York not to abolish the state school of agriculture at Delhi, but rather to give an appropriation for the continuation of the good work it is doing.

The chairman of the different auditing committees presented their reports and in turn each moved the accounts be audited in open board. These various motions were all passed by the board.

Mr. Stephens presented the following resolution, which was adopted:

Resolved, that the machinery committee be empowered and instructed to purchase two steam shovels for the county and that the treasurer be instructed to pay for the same out of any funds he may have on hand for such purpose.

Mr. Stephens presented the following resolution, which was adopted:

Resolved, that the machinery committee be empowered and instructed to purchase two steam shovels for the county and that the treasurer be instructed to pay for the same out of any funds he may have on hand for such purpose.

On motion of Mr. Telford, that a member of the Board be appointed to fill a vacancy on the committee appointed to examine the accounts of the Farm Bureau and Junior Project, the chair appointed Mr. McDowell, a member of the Junior Project committee, and Mr. Fowler, a member of the Farm Bureau committee.

Mr. Wyckoff presented the following resolution, which was passed:

Resolved, that the machinery committee be empowered and instructed to purchase two steam shovels for the county and that the treasurer be instructed to pay for the same out of any funds he may have on hand for such purpose.

On motion of Mr. Carpenter of Walton, E. Ray Gladstone of Walton was elected a member of the board of control of the tuberculosis hospital. Mr. Gilbert moved that two members be appointed as members of the committee installing electric lights in the court house and jail. Gilbert and Telford were named by the chair.

Mr. Chamberlin moved that a committee be named to secure rights of way for the Rock Rift-Deposit high way. Chamberlin, Carpenter and Wheeler were named for parts three and four; Chamberlin, Woolsey and LaFountain for parts one and two. Mr. Thompson moved a committee be appointed to secure rights of way for the Oneonta-East Branch highway part one. The committee named was Thompson, Woolsey and Dugan.

Mr. Chamberlin moved that a committee be named to secure rights of way for the Rock Rift-Deposit high way.

Chamberlin, Carpenter and Wheeler were named for parts three and four; Chamberlin, Woolsey and LaFountain for parts one and two. Mr. Thompson moved a committee be appointed to secure rights of way for the Oneonta-East Branch highway part one. The committee named was Thompson, Woolsey and Dugan.

## IMPORTANT SCHOOL NEWS

55

ing. Miss Karchbommer was accompanist for Mrs. Ruth Stevens, who sang most beautifully. "I Had a Garden" and "Dreaming of Love and Garden" were the songs.

Feb. 14. — Tuesday, Feb.

12, exercises in honor of Abraham Lincoln were held in the High school auditorium. The following program was given:

Music, High school orchestra.

Reading—Abraham Lincoln, written by John H. Finley, former commissioner of Education of New York state, read by Esther Young.

Lincoln's Gettysburg Address, repeated in unison by the Freshman class.

Baritone solo, Samuel Foster.

Presentation of medal, by Principal Conrad, best essay written on Abraham Lincoln, to Miss Mary Crooker.

Singing America, by the school.

Principal Conrad called Miss Crooker to the stage, and said that they wished her to read her essay before receiving the medal. As Miss Crooker was not expecting to do either she was slightly embarrassed, but quickly recovered and read as requested. All who heard it pronounced it well worth the reward.

This medal, as in other High schools in the state, was presented by the Illinois Watch company, to the member of the senior class writing the best essay on Lincoln. All seniors were eligible, and others in the Unadilla High school wrote good essays. Her many friends congratulate the young girl.

Boys' Debating Club.

On Friday evening several young men of the High school, accepted Mrs. Foster's invitation to meet at her home for the purpose of organizing a Boys' Debating club. The purpose of the club being to study parliamentary rules and usage, and aid in public speaking and debate.

The club was formed with Mrs. Carl Foster, preceptor of the High school, as president, teacher and director, and Monte Cone, Jr., secretary and treasurer. A constitution was adopted, with Arthur Ingall, Earl Palmer, Samuel Foster and Monte Cone, charter members.

They will meet Thursday evenings, once in two weeks, at 7:30, in the east committee room of the Community house. New members will be initiated this evening and others later. We wish complete success, to this enterprising educational organization.

Basketball Benefit.

A benefit picture for the Unadilla High School Basketball team will be shown at the "idlehour" Friday evening, February 15. The picture will be "Julius Caesar."

Church Repairs.

Repairs in St. Matthew's church are progressing finely, but do not yet permit the use of the church for service.

Music and Literature.

Tuesday evening, was especially interesting, the meeting of the Woman's club.

Mrs. Orr Moore

—Photo by Rogers Studio

Binghamton, N. Y. — "For any one who is troubled with nervous indigestion or any other stomach disorder, I know of nothing better than Dr. Pierce's Golden Medical Discovery. Several years ago I was distressed with a condition of the stomach that made me dread to eat, gas would form and I had shooting pains. Dr. Pierce's Golden Medical Discovery gave me immediate relief and since that time whenever my digestive organs do not act properly, I have only to take Dr. Pierce's Golden Medical Discovery for a few days and I have no further trouble with indigestion or disturbance of the digestive organs." — Mrs. Orr Moore, 225 State street.

Step into any drug store and ask for Dr. Pierce's Golden Medical Discovery in Tablets or Liquid, or send to Dr. Pierce's Invalid Hotel, Buffalo, N. Y., for trial price and write for free advice.

Oneida & Delaware Telephone Company, Utica, New York, Oneida, N. Y.

THE STOCKHOLDERS: The annual meeting of the stockholders of this company will be held at the office of the company, Utica, New York, on Friday, February 22, 1924, at 1:30 o'clock P. M. for the transaction of the business of the company.

To receive and act on the report of the Board of Directors for the year ended December 31, 1923.

For the election of Directors for the coming year and Directors of election to be at the succeeding annual meeting.

To transact such other business as may properly come before the meeting.

S. C. Orndorff, Secretary.

## For the Cough That Sticks

Common Cough Syrup Won't Help—Make Your Own:

Champ and Boot

For any kind of a cough, but especially for the stubborn one that persists and keeps you awake nights this home remedy answers all your troubles and cures the cough. You can make it yourself at home by these means by following directions. Get dried Camphor, 1/2 oz. and 1/2 oz. of Boot Extract. Mix these together and add a few drops of oil of wintergreen. Boil this mixture over a moderate fire for a few minutes. Add a few drops of oil of camphor over the top of the glass. This makes the usual medicine have to resort to a doctor. No ordinary over-the-counter syrup can ever compare with this.

Oneida county as manager of the Oneida county Farm Bureau and to about to move into that country from Wisconsin, Wis., where he has been breeding dairy cattle. Dallas Mr. Thompson was formerly an instructor in the state school here. — A panel of juror is to be drawn for the term of one year to be held here, March 10, with Judge Kolb presiding. — Mrs. Charles Knobbe, resident on the icy walk Sunday morning as she was on her way to church and cracked a bone in her right wrist, also badly spraining that morning. — Mr. and Mrs. Walter Ballantine, home during the winter are receiving congratulations upon the arrival of a daughter at their home on Sunday morning, February 10. — Miss Mary Grier has been a guest of Mrs. Anna Cowan at Hobart the past week.

### IMPORTANT SCHOOL CONFERENCES

Board of Education of Stamford, Harpsterfield, and Jefferson to hold Special Meeting in March to Consider Acceptance of \$25,000 Request for Use in Erecting Building for Civic, Library, and Historical Purposes.

Stampford, Feb. 14. — The Board of Education of Stamford Union Free school district No. 1, towns of Stamford, Harpsterfield, and Jefferson has called a special meeting to be held at the seminary building, Saturday, March 3, at 7:30 p. m. for the purpose of voting on the acceptance of the \$25,000 request of the late Dr. S. E. Churchill to be used for the erection of a building for civic, library, and historical purposes, under the control and management of the board of education and subject to the condition that the said building should be forever maintained and supported by the school district; also to ratify the plans and specifications for said building and to appropriate the sum of \$20,000 to be used in addition to the \$25,000 Churchill fund for the erection and equipment of the building, and \$20,000 to be raised by a bond issue payable in equal annual installments and to bear interest at not more than 5 per cent; the principal and interest to be levied against the taxable property of the school district. The proposition is also to empower the board of education to take title to the land in the Village park which was voted by the village for a site for such building.

By the provisions of the will of Dr. Churchill there was devised a school district; No. 1, a triangle plot of ground adjacent to the Hamilton House property, Main street as a site for the building but by certain modifications between the executors of the will and representatives of the board of education the site was changed to the park lands.

The plans of the proposed new building provide for a library room at the front with capacity of 15,000 to 20,000 volumes. A reading room and children's library, gymnasium 50 by 90 and seating capacity of 500 to 600 persons when the floor is used for games, at other time the room will accommodate 1,000. There will be shower baths, locker rooms, kitchen, and stage for entertainments. Building would be heated with steam.

Silliman to Address Legion.

At the regular meeting of Ernest Hubbard post Thursday evening, February 21, in their rooms in the Marine building County Commander Dr. Grover A. Silliman of Delhi will be present and give an address. Refreshments will be served. All ex-service men are invited to attend.

Plans for Summer Train Service.

At a meeting of the directors of the Ulster & Delaware railroad held at Kingston Tuesday it was decided to confine the Pullman car service this year with some changes. As traffic does not warrant running a solid Pullman train as formerly, it is planned to run sufficient Pullman cars to accommodate the demand. There will be a change in Pullman car schedule. Instead of leaving New York at 10 a. m. as heretofore, the Pullman service will leave at 1 p. m. Judge J. P. Grant, who is a director of the road, and James Churchill, A. Billing, Charles N. Wright, and S. D. Mase of Stamford, conferred with the railroad officials in regard to Pullman cars and train service.

Like all railroads, the U. & D. has to compete with the automobiles and motor trucks. A large number of the city people nowadays visit the mountains in their autos, and firms and companies operate freight trucks to about all mountain towns. Besides, a regular bus service is operated daily between Pine Hill and Kingston, also

### ROAD SUPERINTENDENTS MEET

Interesting Facts Brought Out at Meeting of Town Highway Superintendents of Delaware County.

Delhi, Feb. 14. — A meeting of the town superintendents of highways of the towns of Delaware county was held in the court room at Delhi on Tuesday afternoon. As the superintendents are expected to attend these meetings and as their session of the Board of Supervisors did not adjourn until mid-afternoon, the highway meeting was very short. Eighteen out of the nineteen superintendents were present. County Superintendent VanTassel presided and introduced Chief Engineer Edwards of this department of highways. Mr. Edwards spoke very briefly, explaining the position of the state highway department in regard to town and county roads. He said that under the new plan the state would not interfere with the plans nor the methods of the county superintendent and town superintendents, but would be glad to give advice on road building. Inasmuch as the third deputy highway department had been abolished, the comptroller would have charge of the auditing of all accounts which was formerly taken care of by the abolished department. Victor Hoke, county superintendent of Oneida county, briefly addressed the meeting taking for his subject the dirt roads. Mr. VanTassel announced that as circumstances caused this session to be so short, another meeting of the town superintendents would be held early at chapel on Tuesday.

Miss Howell Honored.

Miss Evelyn L. Howell, a junior at Syracuse university, and the daughter of Mr. and Mrs. A. D. Howell of this village, has been awarded the prize offered by Rev. Dr. Bernard C. Clausen, pastor of the First Baptist church of Syracuse, for submitting the most worth-while prayer, the same to be used in all the colleges and universities in the country during "Students' Prayer Week." Miss Howell's production, "A Student's Prayer for Today," contains only four paragraphs, but is a most concise and common-sense form of application for daily use. It is intended to make the daily tasks, trials and pleasures of a student. Her prize was a book of Daily Prayer.

## MATTER MAILING WEEK.

Ever since the establishment of the United States post office department, in the days of Benjamin Franklin, there has been one thing against which there has been reason continually to inveigh—one thing moreover against which periodic and systematic campaigns have been waged, albeit not always, or rather almost never, with success. This thing, which results in much delay, loss of time and actual economic waste, is the carelessness in dressing of mail matter, for which the post office itself pays in round numbers a tax of \$1,740,000 just for the purpose so far as possible of righting the addresses written wrong.

In an endeavor to stem the tide of this waste, to save money for the taxpayer and to turn back into contract the channels the millions lost through mistakes, Postmaster General New has designated the week of February 12-18 as Better Mailing Week. During the coming week he will seek cooperation of chambers of commerce, boards of trade, business and industrial enterprises and the press with a view of having antiquated mailing lists brought up to date and every possible check put upon the mailing of letters inadequately directed.

Large as the cost to government of forwarding or returning improperly directed letters and packages, it is not by any means the principal expense, the latter being rather in loss of business and profits, and in failure of letters of vital importance, which may not be of business, as for example those containing tidings of accident or death, to reach their destination. The country over it is understood that two hundred millions of pieces of mail, or two to every resident of the United States, receives "directory service" each year, and even then a large number of these never reach the address and place for which they were intended. In New York city alone the cost of this service exceeds \$800 per day, and every piece of mail matter which receives this attention is necessarily delayed.

Some of the suggestions which the government makes, are the obvious ones of care, conservatism and legibility; and also that great judgment or skill having a printed letter head should give the street number above and that the writer of a letter upon plain paper, should in like manner see to it that not merely the town but the street and number, if such there are, are clearly set out. About 40,000 packages at random showed that 250 firms in a single city, were using stationery with no address, save that of the town itself.

It is felt that a great public service can be rendered in reducing the enormous extent of this carelessness and expensive practice. The cooperation of chambers of commerce, boards of trade and civic organizations, and publicity by the press, can go a long way toward relieving the postal service of this unnecessary drain and the result will be the saving of countless sums to American business.

## RADIO AND CONCERTS.

The effect of radio on the concert business is still unknown. Musicians who have given years to preparation for concert work are viewing it doubtfully.

There are two points of view among those who are trying to find out what the future holds. One is that the radio, like the phonograph, will not lessen the demand for concerts attended in person, but increase it. The phonograph certainly tapped a new field, greatly increasing the number of opera and concert-goers. Those who had never music before kept on going to hear it performed. To many, however, was now nothing about music, it came as a revelation, inspiring them with the desire to hear whole operas or whole recitals by performers of whom the records seemed but samples. Having heard the whole, they doubtless bought new records of parts they wanted to hear again.

The radio is a bit different. By means of it one can hear the same concert given in a hall in the next town. Without radio, one would have to make the trip and pay real money, or miss the music.

United America is working a survey, collecting opinions of managers and artists. Many of them believe that no artist expecting to maintain a box-office value should sing over radio. Others take the other position, that radio stimulates interest and increases box office value.

Nobody as yet has facts and figures of a quality to prove anything. The uncertainty, naturally, adds interest to the situation.

## NEW ROAD IN DELAWARE.

World Shown Trip to New York via Middlebury and Tuxedo.

Twenty-six miles of county highway will be added to the Delaware county highway system by the Byrne-Cross bill now before the legislature. It is enacted into law. The proposed addition would connect the east branch valley with the west branch on the western part of the county and the lower valley with the Susquehanna valley by an eleven-mile road from Middlebury to Walton and a fifteen-mile road from Walton to Minisink, connecting there with the state road which leads to Sidney.

The construction of the proposed highway from Middlebury to Walton will make this latter place to Delaware county the only small stream crossing point between the Susquehanna and the Delaware river. The lower place and the river are the river mouth of the Susquehanna. New York, however, has been granted the right to cross the river in the shortest route possible, and there is no place to pass through.

## SUNNY PRESS CLIPPER

President Coolidge and the Senate. President Coolidge's calm but firm reply to the instant request of the Senate, demanding the resignation from the cabinet of Secretary of the Navy Denby, clearly asserted the prerogatives of the nation's executive and contained a morbid rebuke for those who would invade the constitutional rights of his exalted office.

At some of the preceeding senators, who appear anxious to instruct the President in his duties, are eager to play politics in the situation that has arisen at Washington, at the expense of decency, common sense and equal and exact justice, President Coolidge is not.—(Benton Republican).

Feature of Naval Appropriation Bill.

The naval appropriation bill this year carries the sum of \$271,942,367. This is a reduction of \$22,024,000 from the amount appropriated last year—another example of the working of the budget system. The cutting by the committee of \$110,000 from the budget estimate for aviation is a mistake; we are too far behind in this matter already. But the bill allows for new construction on the scale of \$35,000,000 within the next ten years. More important still it does not reduce the personnel below its present strength of 8,462 officers and 86,000 enlisted men. —(Philadelphia Inquirer).

Mr. Baldwin Remains.

Although the two groups of British newspapers which have been attacking Mr. Baldwin were reinforced recently by the London Telegraph, his choice Monday as leader of the Conservative party was made unanimous. His ministry made blunders, but they were not the fault of one person and it was felt that nothing would be gained by changing. There is no leader, probably, who would be better able to unite the party, which is divided by personal rancors as well as by questions of policy.—(Springfield Republican).

Wilson Collections.

Already Wilson collections are beginning to appear at Princeton and elsewhere, containing his early manuscripts, books, addresses, etc. The Timothy Cole wood engraving of Sargent's portrait of the former president is shown at Princeton. In respect to Hitchens, many consider this better than the original Margaret painting, for which the artist received \$50,000, which he gave as a contribution to the Red Cross. —(Philadelphia Record).

Workers' Party Active.

An agent of the federal department of justice is responsible for the statement that eight paid organizers of the Workers' Party of the World are operating in this section, conducting schools one evening each week. News of that character should arouse some interest among people who realize the menace of an influence of that sort in this community.—(Wilkes-Barre Record).

More Players From England.

Apprehension that the government of Prime Minister Macdonald may increase the tax on theatres and thus still further limit the enterprises of managers in England has led to the prophecy that a still larger number of English actors will migrate to the American stage.—(New York Herald).

That Body of Yours.

By James W. Burton, M.D.

YOUR HEIGHT AND WEIGHT.

Years ago we were taught that the ideal height for a man was 6 feet 7 inches, and for a woman 5 feet 4 inches. That is for an adult of twenty-five to thirty years of age.

It was said that the atmospheric pressure at this height was ideal for the human body.

What about?

Well, most men would like to be at least 5 feet 10 inches, whilst for women 5 feet 4 inches is the most popular, as that is the height of the Venus de Medicis.

What about it from a health standpoint?

Well, insurance companies prefer the heights of 5 feet 7 inches for men, and 5 feet 4 inches for women, so that our early teachings must have been founded on facts.

It would appear that a man or woman is a great deal taller, or a great deal shorter than the above heights that they are not considered as good a fit. Of course this does not tell the whole story, because the family history is more important even than the height. These companies have thousands of cases from which to draw their conclusions.

Of course the height is important in relation to the weight. For instance, the man 5 feet 7 inches should weigh about 140 to 142 pounds at twenty-five years of age, and about ten pounds more than that at fifty to be considered a first class risk.

For every inch over this add 5 pounds and for every inch less subtract 5 pounds.

If he weighs twenty pounds less or twenty pounds more he would not be in good a risk.

In the one case, although older, they might suspect tuberculosis or some wasting condition, and in the other heart or kidney trouble.

As a matter of fact to be a little, just a little, lighter in weight as you grow older is really an asset, and the companies will tell you that those of lighter build stand the acute illnesses better than the heavy type.

Another thing they point out is that very old people are generally lighter in weight.

What lesson is this?

That as you grow older that you do not permit yourself to get more than ten to fifteen pounds overweight as the result.

Simply cutting down on your food intake will keep your weight down. A little light exercise like walking will keep you mobile and light on your feet.

I haven't said anything about the new types of build—overweight and underweight—but just used the insurance companies figures.

## HELD FOR INVESTIGATION

## MAKES NO LUXURY REBATE

State Tax Commission Warns Traversing Men There's Nothing Off For "Creature Comforts."

Unreasonable travel and entertainment expenses of travelling men are the cause of thousands of additional assessments from the state income tax bureau.

"Four years' experience on returns from all classes of business," said District Director Fred J. Graff, of the U. S. office, today, "has resulted in well-defined limits for these expenses. When most commercial men on \$10,000 annual commissions in dream goods trade, use Pullman seats, the few who pay for a compartment on their trips should not complain if this extra expense is disallowed."

"It should be understood," he continued, "that the best possible position for an actor or salesman to take in these cases is the production of receipts bills or detailed expense accounts. When reasonable, proper and necessary to the business, the bureau approves them. But careful scrutiny shows up many payments for 'creature comforts' such as luxury items which are not in any sense necessary business expense."

He said that taxpayers generally were required to keep books and objections should not be made by men on the road if they are assessed for failure to observe the practices common to taxpayers in other lines of business.

As a final message, he stressed the inflexible rule of the bureau that mere estimates of railroad, entertainment, hotel and other expenses are never accepted.

Fire Destroys Barn at Sharon.

Sharon Springs, Feb. 14.—Fire destroyed a barn on the place of Leon Lappens, undertaker, late Friday evening with an estimated loss of \$2,000.

An Overland sedan, a wagon, harness, sleigh, horse and harness were burned. A horse also lost its life in the fire. It was stated that fortunately Mr. Lappens had removed his new motor harness to the garage for repair earlier in the day.

That is for an adult of twenty-five to thirty years of age.

It was said that the atmospheric pressure at this height was ideal for the human body.

What about?

Well, most men would like to be at least 5 feet 10 inches, whilst for women 5 feet 4 inches is the most popular, as that is the height of the Venus de Medicis.

What about it from a health standpoint?

Well, insurance companies prefer the heights of 5 feet 7 inches for men, and 5 feet 4 inches for women, so that our early teachings must have been founded on facts.

That as you grow older that you do not permit yourself to get more than ten to fifteen pounds overweight as the result.

Simply cutting down on your food intake will keep your weight down. A little light exercise like walking will keep you mobile and light on your feet.

I haven't said anything about the new types of build—overweight and underweight—but just used the insurance companies figures.

What lesson is this?

## Not Worrying

William Gibbs McAdoo appeared voluntarily before the Senate Lands Committee to explain his connection with E. L. Doheny, oil magnate. He is shown posing for cameramen after coming from the committee room in Senate Office Building.

## COUNTY HIGHWAY MEETING.

Called for Tuesday, February 26, at Municipal Hall, Oneonta.

Announcement was made yesterday that the annual highway meeting for Otsego county will be held at the Municipal hall in Oneonta on Tuesday, February 26. The meeting, which is called for the purpose of discussing matters of interest in connection with highway construction, is under direction of the county superintendent, and it is expected that all supervisors, members of town boards and town superintendents of highways will be present.

The program has not yet been completed but it is understood that the speakers will include district and state officers of the highway department. More definite announcement will be made in a few days.

## White Rose Circle Meets.

A meeting of White Rose circle was held Wednesday afternoon with Mrs. George Paine, 9 Harmon avenue. About 20 members of the circle were present, and there was one out-of-towner, Mrs. J. Coose of Kingston. The afternoon was pleasantly spent in sewing, crocheting and music, and during refreshments were served by the hostesses, Mrs. Myrtle Paine, Mildred Finley, Mabelle Anderson, Mary Harris and Laura Blanchard.

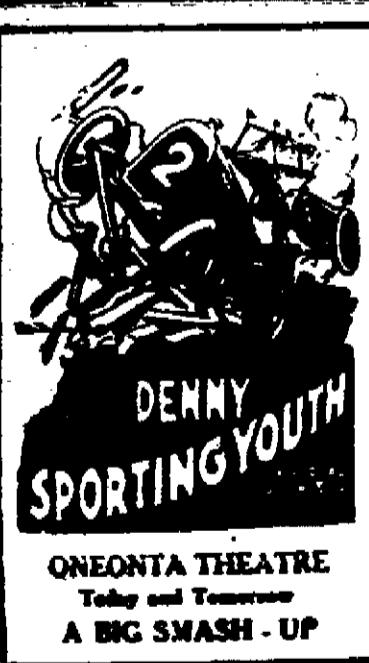

## A Generous Contribution.

Mrs. Mary L. Miller, now a member of the first board of directors of the Oneonta Woman's club, being asked to write a few words for the anniversary meeting on Wednesday night, sent a very charming letter and along with it a check for \$20. The sum contributed by Mrs. Miller will be placed in the building fund of the club.

## Make Sale Saturday.

The Woman's Missionary society of the First Baptist church will hold a bake sale at Sherman's Drug store, corner Main and Chestnut street, Saturday afternoon at 1 o'clock.

## ROTARY AND THE BOY

Frank B. Shipman of Cooperstown, club, inspiring talk at luncheon. Secretary of Oneonta Rotary.

The Rotary club may aid the boy who is the theme of a splendid address delivered at the luncheon of Oneonta Rotary club yesterday noon in Cooperstown. Frank B. Shipman of Cooperstown. Not only did Mr. Shipman point out why Rotary should interest itself in the rising generation, but he advanced a plan now being worked by Cooperstown Rotary for aid of the boy.

Mr. Shipman urged that Rotarians acquaint themselves with the boys in their communities. If such acquaintanceship can be developed and if the boys can be made to realize the ideals of rotary, vision of Rotarians to interest them in the higher things of life will find abundant soil for growth, he said. A boy is prone to regard as high wisdom the advice of a man other than his father, he declared, and if Rotarians can become the ideals of boys infinite good will be accomplished.

In Cooperstown an effort is being made to acquaint the Rotary club with every high school lad in the community. The names of all the boys have been written on separate slips of paper and placed in a box, and about once a month the Rotarians each draw a name and become the boy's host at a club luncheon. For these boys' luncheons special programs of interest to the lads are arranged. The object is to get the Rotarians acquainted with the boys and to get the boys to realize that Rotarians have ideals which they could well emulate.

In closing, Mr. Shipman said that if these schemes turned toward higher things the minds of but one or two boys it would be well worth all the labor and thought it involved.

The address gave many of the Rotarians a new insight into the possibilities of boy work and was thoroughly enjoyed by all.

Guests at the luncheon were Rotarians William Smiley, C. E. Brown and Frank B. Shipman of Cooperstown, Rotarian George C. Bellino of Glens Falls, Kiwanian Linn L. Gardner of Oneonta, Glenn Barnes of Auburn, J. K. Cheneboe of Ithaca and Dr. P. G. Reinhart of Oneonta.

## FUNERALS.

## Mrs. Seward D. Nichols.

Funeral services for the late Mrs. Seward D. Nichols, widow of the late Seward D. Nichols, were held yesterday at 2 p. m. at the home of her father, D. B. Silliman, 5 Gardner place. There was a large attendance of relatives and friends, and numerous floral tributes, including offerings from the employees of the Silliman-McKenzie company and the immediate neighbors, were evidence of deep sympathy and heartfelt regard.

The officiating clergyman was Rev. Dr. Charles S. Pendleton of the Main Street Baptist church, who read appropriate scripture selections and followed with a brief sympathetic tribute, closing with prayer. The brothers and brothers-in-law of the deceased acted as bearers and the body was placed in the Plains vault for later interment in that cemetery.

Other services for the late Mrs. Nichols were held at the home of her son, the Rev. Dr. Charles S. Pendleton, of the First Baptist church, and at the home of her daughter, Mrs. Frank C. Nichols, 11 Elm Street.

## Military in Charge

All Harris, III, is under command of the militia, following riots between Ku Klux Klan sympathizers and anti-Klanites. Photo shows four of the soldiers imported to keep order.

## DRIFT FROM THE COUNTRY

Population on New York Farms Decreases Three Per Cent in Single Year.

Reports from 3,612 New York farms indicate that the population on these farms is 9.2 per cent of the population on the same farms a year ago. On this basis the number of persons living on New York farms is estimated at 741,000. The United States census gave the number, in 1920, as 861,000.

During the past year 49,000 men left farming for other occupations and 14,000 left other occupations to go to farming. At the present time prices that farmers receive are so far below the wage level that less than one farm in seven has a hired man.

The production per man is being increased so rapidly that the total output of agriculture has decreased very little. The maintenance of buildings and fences, and improvements such as the laying of tile drains are being neglected.

## Insurance Man Tells of Friend's Recovery

"He suffered considerably from the infections and cold attacks, and at times was very yellow. The doctors diagnosed his ailment as gall bladder trouble and that no operation was necessary. However, Dr. Arthur G. Joyce, of Dryden, who is a simple, harmless practitioner that removes the offending masses from the intestinal tract and always has a special interest in the stomach, liver and intestinal situations, including appendicitis, the duodenum and ovaries, or money.

He advised the man to go to New York for an operation.

He advised the man to go to New York for an operation.

## AID IN INCOME TAX RETURNS

Deputy Collector Whitaker Assigned to Oneonta Feb. 20 to March 15.

Get ready for your income tax return. This is the advice of J. W. Clarke, collector of internal revenue, and in order to assist taxpayers in the preparation of their returns he is assigning Deputy Collector C. Whitaker, who will be in Oneonta with headquarters at postoffice from Feb. 20 to March 15, inclusive.

It is the desire of Collector Clarke that all taxpayers requiring advice shall call on the deputy collector on the above date, as the above mentioned days are the only ones on which it will be possible to assign a deputy in Oneonta.

All single persons with an income of \$1,000, and all married persons with an income of \$2,000 for the year 1923, must file an income tax return and at least a quarter payment must be filed on or before March 15, 1924.

## Prayer Service at West Oneonta

All ladies of the First Baptist church are invited to attend a prayer service this afternoon at 2:30 at the Century Baptist church, at West Oneonta. Car leaves trolley station at 1:50 o'clock.

## Notice.

We have received from an estate four maple four post beds, six rush bottom chairs, flax wheel, spinning wheel and about 10 pounds of pure cotton ready to spin. The Joyce stores, Oneonta, N. Y. advt. 12c.

## FIRE AT SOUTH CEDAR

Confined Post-Office, Store and Dwelling of Charles Fengeren Destroyed With \$20,000 Loss.

Binghamton, Feb. 14. (Special) — Fire which broke out at about 8 o'clock this evening completely destroyed the confined post-office, general store and dwelling of Charles Fengeren at South Fulton, causing a loss estimated at \$20,000. The loss is partially covered by insurance. The stock in the store is total loss and part of the post office fixtures were burned. The mail was saved.

Mr. Fengeren was eating supper when he heard an explosion and running into the store found that the rear portion was in flames. Aid was summoned and the mail and a portion of the household goods removed from the burning building.

The Stamford fire truck responded to a call for assistance but the firemen were able to use chemicals only as no water was available. They confined their efforts to saving a nearby shed and neighboring buildings. Fortunately for those fighting the flames a 200 gallon kerosene tank in the rear of the store did not explode.

Mr. Fengeren could not give his exact loss this evening but it is estimated at being around \$20,000, part of which is covered by insurance. It is thought that defective insulation caused the fire.

## Computing Changes Its Name.

New York, Feb. 14. — The Computing-Tabulating-Recording Co. is to change its name to the International Business Machines Corporation and its application to list the 200,000 shares of International Business Machines stock which will be given in exchange for the Computing-Tabulating shares, on the stock exchange, was approved by the governors yesterday.

In its application for listing the new stock, Computing reports net income for the ten months ended Oct. 31, of \$1,895,353, and capital and surplus as of the close of October of \$21,432,014.

## Crossing at East Worcester.

East Worcester, Feb. 14. — The prospects look favorable for the overhead crossing at East Worcester, known as the "scripture crossing," as there have been several contractors at this place recently.

## Attention, Grangers.

There will be a box social at the regular meeting of the Oneonta Grange next Monday night. Each lady is requested to bring lunch for two.

## Jens Jested
